Allergens

The Viterra Pulse facilities are dedicated to processing only pulses. There is no risk of cross contaminants within production facilities.

Allergens such as wheat, soybeans and mustard may be present in the raw material (due to crop rotations and on-farm practices)

Pulses are dry cleaned prior to shipment but trace amounts may still be present.

Viterra cannot guarantee that their products are 100 % free from traces of wheat or soybeans in their final product. Allergen statement available upon request
